

La vida es un pájaro azul
flotando en el universo infinito.
Un avepreciada
que alza el vuelo cuando uno menos lo espera
llevándose consigo al espacio
la idea de lo que fuimos,
esto que somos:
trociitos
de
universo

TROCITOS DE UNIVERSO

VENUS Y MARTE

VENUS

Hoy vuelvo a verte otra vez
Los años han pasado, ya lo sé,
también
Sigues con la barba de hace un mes
Tus juegos solo me hicieron crecer

La miras a los ojos como a mí
Un juguete roto es lo que fui

No queda nada entre tú y yo
Tan solo el frío de un adiós
No puedo mirar el reloj
Que me aleja de ti
Absurdos planetas los dos

MARTE

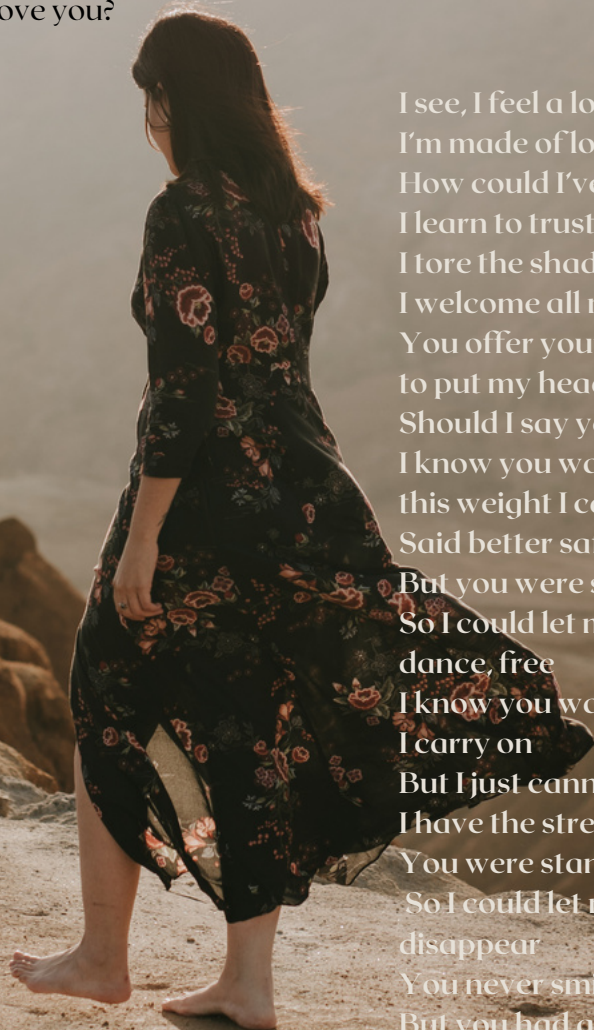

Es un placer verte aquí
Cuánto has cambiado, ¿eres feliz?
Los astros, ya ves, siguen aquí
Las estrellas preguntan por ti
¿Crees que queda un hueco para mí?
Si te hice daño, no soy así
No queda nada entre tú y yo
Tan solo el frío de un adiós
No puedes mirar el reloj
Que me aleja de ti
Venus y Marte tú y yo

GOOD MAN

They say that not all that glitters is gold
But you're a good man
Oh, you're a good man
I never gave you any goodnight kiss
I never whispered loving words in your ear

You were standing right in front of me
So I could let my darkest thoughts disappear
You never smiled
But you had a flame in your eyes
Standing alone in the dark
So I could see
You love me when my graceless heart is bleeding
I feel it's heavy
I cannot keep on breathing
But you're not here to judge me, that is understood
I fell from grace, then how could I love you?

I see, I feel a long-forgotten light
I'm made of love
How could I've been so blind?
I learn to trust, I learn to see
I tore the shadows from my eyes
I welcome all my demons and
You offer your shoulder
to put my head to rest
Should I say yes?
I know you want to share
this weight I carry on
Said better safe than sorry
But you were standing right in front of me
So I could let my demons dance
dance, free
I know you want to share this weight
I carry on
But I just cannot pretend
I have the strength to hold on
You were standing right in front of me
So I could let my darkest thoughts
disappear
You never smiled
But you had a flame in your eyes
Standing alone in the dark
So I could see
..Who you are
Still shining in the dark

MORNING LIGHT

Another day's come
Will the sun shine?
I open the window and I see
A strange land

So I gather strength and tell myself
"The sun may shine"
And I let the air pass me through...

I grab a coffee and I drink
with a curious heart
I look through the old glass and realize
that birds are souls that fly

And I try to, try to, try to understand
reframe my thoughts
And I let it, let it
Let it all come in
So then it goes [away]

Take the hope
from the morning light
I feel I'm blooming, singing
Dancing with the morning light
Just let the old
be washed by that morning light
I feel we're blooming, singing
Dancing with the morning light

Hello, Morning Light

AS THE SUN GOES DOWN

Once again I've been fooled by you
I need to talk, you don't know what to do
You know
the tears are running down my face
What should I do if your voice gives me
the creeps?

I don't wanna hear
I don't wanna feel
Anything at all
'cause all the things we did
and all the words we said
are echoes in my head

I can't close my eyes
While you're sleeping, oh
You're no good to me
You're looking for your dreams
-damn, you look so sweet-
but my dream was you

I'm just lying here
Drowned in my own fears
Why can't you see?

One day we'll fly away
Like wild bluebirds
Someday we'll meet again
and see the sun go down

That was my fairytale
about you and me
That's what I used to dream
About you and me
About you and me

I'll burn away all your promises
As the sun goes down

BLUE, WHERE ARE YOU GOING?

Me hizo falta valor
Tomar aquel avión
Cambiar de dirección

No me perseguirán
Fantasmas del ayer
Me queda la intuición

Prefiero aceptar
Que soy sensible y que
Si duele sanará

No queda gran verdad
En un mundo dormido
Elijo despertar

Blue, where are you going?
Blue, where are you going?
Blue, where do we go when we sleep,
Blue?
Where, Blue?
Bluebird...
